_____

EXPERIENCE

Freelance Front-End Web Developer

Remote | Jan 2023 – Present

• Developed and deployed responsive websites using React.js and Next.js.

• Designed intuitive interfaces with Tailwind CSS, optimizing for performance and cross-device compatibility.

• Translated client requirements into scalable solutions, improving user experience and visual appeal.

• Collaborated using GitHub and Figma for version control and prototyping.

_____

PROJECTS

Modern Portfolio Website

Tech Stack: Next.js, TypeScript, Tailwind CSS

• Designed and developed a fully responsive personal portfolio to showcase projects, skills, and contact information.

• Implemented smooth scroll, animated transitions, and dark mode toggle.

• Hosted on Vercel with custom domain integration.
